Classroom Student Safety Contract

The following standard procedures will apply to the science lab classes at Chesterfield Elementary School. Students must adhere to these rules and practice acceptable behaviors to make this area safe for ALL students.

Safety Rules:

1. Students may NOT work in the science lab without a teacher present.
2. Do NOT handle equipment and supplies set up in the lab until given instruction to do so from the science teacher.
3. Eye protection, gloves, and a lab apron must be worn when required by the science teacher.
4. NO eating or drinking is permitted during science labs unless a consumable is part of a lab procedure and the science teacher gives permission to eat the consumable.
5. No unauthorized experimentation is allowed.
6. Follow lab procedures carefully and accurately. Do NOT proceed with any experiment if you do not understand the procedure.
7. Clean up spills promptly. If you have a question on spill clean up, ask the teacher.
8. If glass breaks, notify the science teacher immediately.
9. Students must clean the work area and wash hands thoroughly before leaving the room.
10. Report all injuries, no matter how minor, to the teacher. The teacher will give guidance on the treatment needed and direct the student to the nurse's office, if needed.
11. NO open shoes in the lab.
12. If needed you must waft not sniff during the experiment.
13. If you have long hair, Always have hair pulled back.

Response to Student Violations of Rules:

Depending on the severity of the incident, the teacher may respond by taking any of the following actions:

- Verbal warning from teacher, record Is kept of the infraction.
- Review of rule involved; parent and student sign agreement that the rule is understood and will be followed.
- Removal from class for the duration of the class period and parent contacted.
- Discipline referral, parent contacted, and administration will determine further consequences.

We have read, understand, and agree to the safety rules as written in this document.
