Your Name(s)_4th Grade Teachers: Robert Cochrane, Laura Flynn, Nicole Hartman, Karen Stryker, Jamie Surette _____

Date of Request: April 18, 2019

SUMMARY OF PROJECT (ONE PARAGRAPH) PLEASE INCLUDE WHO, WHAT, WHY & HOW

We are requesting 125 student subscriptions to **Time for Kids**, a high interest non-fiction magazine. The magazine consists of weekly issues throughout the school year and is geared toward 4th grade students.

Fourth grade Common Core standards demand that a larger percent of reading instruction be with *nonfiction* texts. **Time for Kids** magazine provides relevant and engaging nonfiction passages. The cross-curricular content often connects to current events, social studies, science, and other content areas.

Time for Kids offers numerous ways to educate and engages students; such as: a weekly magazine, interactive activities, audio read aloud, whole class digital edition, formative assessments, articles at various reading levels, vocabulary practice, evidence based thinking, science articles, paired text and much more.

DETAILS OF PROJECT (INCLUDE PROJECT SPECIFICS, TARGETED POPULATION, COSTS, ETC.)

The subscription costs \$4.95 per student. We are planning on 24 student copies and 1 teacher copy for each of the 5 homerooms.

This will total $125 \times \$4.95 = \618.75

EVALUATION (HOW WILL YOU MEASURE STUDENT GROWTH)

Time For Kids meets Common Core State Standards. This nonfiction magazine supports anchor standards in most subjects. Using this magazine will also help meet key standards in Reading, Writing, Speaking and Listening, and Language.

There are performance tasks in each issue that are designed for students to demonstrate their understanding of what they've learned. For example, an essay, a video, a poster, etc. We will be able to evaluate student growth through the activity sheets, quizzes, reading, and writing prompts requiring students to read closely, draw conclusions from text evidence, and understand nuances of language.

I have discussed this with the following two colleagues:

NAME: Karen Stryker, Nicole Hartman, Robert Cochrane , Jamie Surrette

Please attach any additional information that would assist the CPEF in making a determination as to your Grant Proposal.

TOTAL GRANT AMOUNT REQUESTED:

\$618.75

Chesterfield, New Jersey

Regulation

PROCEDURES FOR COMPLAINTS AND INQUIRIES

The Chesterfield Township Board of Education welcomes inquiries about and constructive criticism of the district's programs, equipment, operations and personnel. Any person or group having a legitimate interest in the school may present a request, suggestion, or complaint concerning school personnel, the educational program, instructional or resource materials, or the operations of the school.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed.

The board expects that reasonable efforts shall be made to resolve disputes at the lowest possible level. At the request of the complainant and the at the discretion of superintendent or the board of education, the processing of a complaint may be expedited and/or processed initially at higher levels in those exceptional circumstances warranted by the nature or emergent circumstances of the complaint. In addition, the timelines contained in these procedures may be extended at any level with the consent of the complainant.

B. Individuals having a complaint (other than board members not in parental capacity) against a teacher or supervisor:

1. Teacher or supervisor first
2. Principal
3. Superintendent
4. Board of Education

C. Individuals having a complaint against the principal:

1. Principal
2. Superintendent

2. Board of Education

F. Board members having a complaint should not approach the employees of the district with complaints about them. If the matter is not resolved to the board member's satisfaction, he/she should contact the board president to see if it is a matter for Board Meeting Agenda.

PROCEDURES FOR COMPLAINTS AND INQUIRIES (regulation continued)**Complaint/Appeal Protocol****Level One: Discussion Level**

The first level of the handling of a complaint involves an informal discussion at the lowest possible level. The lowest level will vary, depending on the circumstances and the nature of the complaint. Generally, the lowest possible level shall be the employee whose decision or action is the subject of the complaint. For example, with respect to student and/or parent concerns about a classroom matter, the informal discussion and resolution should normally take place at the teacher level. With respect to the operation of a school, or in any cases of doubt, a complaint should be lodged with the principal.

Any allegations of child abuse or criminal activity shall be communicated to the principal or other designated administrator depending upon the circumstances. The principal or other administrator shall contact state agencies and law enforcement when required or warranted.

Level Two: Initial Appeal

If the informal discussion at Level One does not resolve the issue, the complainant may file a written appeal in accordance the structure set forth above in the "Order of Complaint/Appeals".

The written appeal shall include at a minimum the following information:

1. The name and contact information of person submitting the complaint;
2. Date and manner of the submission of initial complaint;
3. The outcome of the initial complaint;
4. A description of the basis of the appeal, including why the individual believes the handling of the initial complaint was in error; and
5. Any supporting documentation.

Teachers or other employees to whom the complaint was directed at Level One shall be advised of a Level Two Appeal and may be requested to attend a meeting related to the complaint. In any such meeting, the teacher or other employee shall have the right to representation.

The individual overseeing the appeal shall conduct such meetings and/or investigations as he/she deems appropriate and either resolve the matter informally or make an administrative determination on the matter.

If the appeal is not resolved informally, the individual handling the initial appeal shall issue his/her decision in writing within ten (10) calendar days of notice of the complainant's appeal. The decision shall set forth any findings of fact and convey the basis of the decision. The decision shall be forwarded to the complainant, the teacher or other staff member who addressed the complaint at Level One and the individual designated to oversee Level Three of the Appeals process.

Level Three:

In the event the complainant is dissatisfied with the determination made in Level Two, the complainant may appeal the matter by submitting a written appeal within ten (10) calendar days of the determination.

The appeal must set forth the determination being appealed, the basis for the appeal and the specific relief requested.

Any documents to support the appeal should be attached to the appeal. In reviewing a matter on appeal, the individual overseeing the appeal shall conduct such investigation/review as he/she deems appropriate. The individual may, but is not required to meet with the complainant, and shall confer and consult with the principal and such other staff as he/she deems appropriate.

If the complaint is about a particular employee's decision or action, the employee shall receive a copy of the appeal and be provided an opportunity to submit a written response to the complaint within five (5) school days of receipt of the complaint.

PROCEDURES FOR COMPLAINTS AND INQUIRIES (regulation continued)

The individual overseeing the appeal shall render a decision on the appeal within ten (10) calendar days of receipt of the appeal. The decision shall be communicated in writing to the complainant and any employees directly involved in the appeal process. The decision shall set forth any findings of fact and convey the basis of the decision.

Level Four: Appeal to the Board of Education

In the event the complainant is dissatisfied with the determination made by the superintendent, the complainant may file an appeal with the board of education.

Any such appeal must be in writing and filed in the board office within ten (10) calendar days of the superintendent's decision.

The written appeal must set forth the determination being appealed, the basis for the appeal and the specific relief requested.

If the matter is referred to the board, it shall be scheduled for review by the full board at its next possible meeting provided reasonable advance notice may be provided to the individuals involved in the appeal. The provisions of the Open Public Meetings Act shall apply to review of appeals by the full board. The board shall render a decision on the appeal within five (5) calendar days of its consideration of the appeal. The board's decision shall be communicated in writing to the complainant and any employees directly involved in the appeal process.

It is understood that any member of the community seeking redress who feels that satisfaction has not been received retains the right to carry the complaint to the next highest level of authority.

The board requests that all complaints be signed. Anonymous complaints shall be disregarded unless issues of health and safety are involved. The superintendent shall determine if an anonymous complaint shall be investigated.

Any administrator receiving a complaint shall refer the complainant to the appropriate individual in the chain of command.

Any board members who are contacted with complaints shall refer the complainant to the superintendent who shall refer the issue to the appropriate individual in the chain of command.

Complaints and Inquiries regarding board actions/operations

- A. Questions and/or complaints about board actions or operations may be made at the appropriate time during public board meetings (see policy 1120 Board of Education Meetings) or in writing to the office of the superintendent.
- B. The superintendent or his or her designee shall respond to all inquiries about district issues. When appropriate, he/she may require the issue to be put in writing. In the response, the superintendent shall indicate:
 1. If the information requested is restricted and the district is prohibited by law from providing the information requested;
 2. The time frame in which the information requested will be available;
 3. Whether the response will be given orally at a board meeting and/or in writing to the questioner:
 - a. If the information is of general interest, it will be given publicly at a board meeting and every attempt shall be made to respect and protect the confidentiality of those involved;
 - b. If the information is personal, or of interest only to the respondent, it will be given in writing. The board shall be copied on the written response unless privacy or legal issues prohibit such action;
 4. How the questioner will be notified of the date and time of the board meeting if the response is to be given publicly;
 5. Whether there will be any charge for duplication of materials and what those charges might be.

PROCEDURES FOR COMPLAINTS AND INQUIRIES (regulation continued)**Procedure for Complaints And Inquiries Regarding Compliance with Federal Law**

Inquiries about and constructive criticism of the district programs, equipment, operations and personnel subsidized through federal funding under the Every Student Succeeds Act of 2015 (ESSA) shall be addressed according to the following procedure. In most cases, it is possible to make a satisfactory adjustment by staff at the building level or by the superintendent at the district level. If this is not possible, complaints may be referred to the board of education for resolution.

Parents and community members who have specific concerns regarding the administration of education programs required by the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act of 2015 should first attempt to settle their concerns locally as described above. If issues still remain, a complaint may be filed with either the New Jersey or the United States government.

A complaint is a written allegation that a school, school district, other agency authorized by a school district or the New Jersey Department of Education (NJDOE) has violated the law in the administration of education programs required by the ESSA. A complaint shall identify:

- A. The alleged ESSA violation;
- B. The facts supporting the alleged violation; and
- C. Any supporting documentation.

To initiate a complaint that a school, school district, or other agency authorized by a school district or the NJDOE has violated the administration of an education program, a complainant must submit a written complaint to the NJDOE, attention Burlington County Executive Chief School Administrator. An allegation may be submitted in writing or electronically. If a complaint is submitted electronically, a hard copy should also be sent to the NJDOE via regular mail.

A copy of the New Jersey procedures for processing the complaint may be obtained from the Office of the Burlington County Executive Chief School Administrator.

The New Jersey procedures require that the executive county superintendent coordinate the investigation of the complaint. When the investigation is complete, the executive county superintendent will notify the complainant in writing regarding the outcome of the investigation. If a violation has occurred, the assistant commissioner assigned to oversee the matter shall identify and impose the appropriate consequences or corrective action as required by regulation to resolve the complaint. If the complainant does not agree with the NJDOE's decision, the complainant may appeal to:
