Date of Request: 10/1/2019

SUMMARY OF PROJECT (ONE PARAGRAPH) PLEASE INCLUDE WHO, WHAT, WHY & HOW

We would like to provide our fifth grade students with word study practice that is different than what they typically have been doing. This program can utilize each student's assigned word study sort to help motivate them to be more engaged in their sorts and activities, and allow us to further differentiate their learning to meet their needs.

Although Vocabulary Spelling City helps develop spelling skills to link students' verbal and written language skills, it can also be used to drive effective vocabulary instruction and lead to improved reading comprehension.

The activities available are designed to benefit all students in the general education, ELL, special education, and gifted and talented populations.

The Vocabulary Spelling City app is also available on the Google Play store and therefore also accessible using our Promethean Boards.

DETAILS OF PROJECT (INCLUDE PROJECT SPECIFICS, TARGETED POPULATION, COSTS, ETC.)

We are requesting 5 class subscriptions, each supporting a maximum of 25 students.

Each Subscription: \$64.95

Grant Total: \$324.75

EVALUATION (HOW WILL YOU MEASURE STUDENT GROWTH)

Please attach any additional information that would assist the CPEF in making a determination as to your Grant Proposal. The automatically generated reports of students' activities, provided through the Vocabulary Spelling City program, reflect student understanding, growth, and can help us analyze their progression as well as provide data that can be used for teacher-parent conversations.

AMOUNT

\$324.75

SUMMARY OF PROJECT (ONE PARAGRAPH) PLEASE INCLUDE WHO, WHAT, WHY & HOW

Research shows that allowing students to sit in comfortable, flexible seating options greatly enhances their focus. In my resource room, I often have students who need to move, yet need to stay at the table for their lessons. Increasing their seat choices would help me meet their personal needs.

Students would be able to use wobble chairs and sensory seat cushions to help their focus in my resource room. These options will allow them to become more comfortable and allow them to have some movement while still focusing on the lessons.

My project will make a difference because student needs will be met. My resource students will be able to work with more seating options that allows them to focus and stay comfortable. Both are needed to produce quality work. I believe that children should be offered the seating option that will help them to focus.

SUMMARY OF PROJECT (ONE PARAGRAPH) PLEASE INCLUDE WHO, WHAT, WHY & HOW

Science Olympiad is a competitive Science competition that competes state wide in northern NJ. Here students work together on various science events and experiments, after practicing for many weeks. This event is taken very seriously and brings to Chesterfield an outlet for higher level critical thinking skills and talents in the area of Science.

DETAILS OF PROJECT (INCLUDE PROJECT SPECIFICS, TARGETED POPULATION, COSTS, ETC.)

Please see the attached Expense Account from last year.

Practices will begin the week of January 2nd, each Thursday after school from 3:30-4:50.

14 members will be accepted.

Each member will pay \$100.

EVALUATION (HOW WILL YOU MEASURE STUDENT GROWTH)

Science Olympiad is evaluated on the success of the main competition in May. In previous years every student medaled, Chesterfield placed 3rd and 2nd overall and we expect greater success this coming year.

SUMMARY OF PROJECT (ONE PARAGRAPH) PLEASE INCLUDE WHO, WHAT, WHY & HOW

As a character education initiative, we would do a project called Rockin for Respect. We would like the students to paint rocks in their art classes. After the rocks are painted and dry, we will have the students place them in a "rock" bed along the perimeter of the school. The painted rocks will symbolize the student's unique creativity. The purpose of the project is to respect everyone's own individuality. We would like to promote self-worth. The goal is to keep this project going year after year, and eventually have the school's perimeter outlined in a brightly colored "rock" bed.

DETAILS OF PROJECT (INCLUDE PROJECT SPECIFICS, TARGETED POPULATION, COSTS, ETC.)

All students in k-6 grade will participate in this project. The supplies we would need are 762 rocks, a wooden sign in front of the "rock" bed and Americana Patio Paint. This paint will not wash away with rain. I am estimating we need 10 bottles of six colors (blue, red, green, yellow, orange, purple) which will be approximately \$99. We can have the student's bring in their own rocks or you can purchase them (couldn't find an estimate for this.) The wooden sign that I found is on Etsy and it is \$44.95, however, I am open to other options.

EVALUATION (HOW WILL YOU MEASURE STUDENT GROWTH)

All character ed initiatives will be measured by the overall climate surveys and a lower rate of confirmed HIB cases.

113 Sixth Grade Students
Fairview Lake Environmental Education Trip
February 4-7, 2020
4 Days, 3 Nights

*Please refer to attachments for additional information.

DETAILS OF PROJECT (INCLUDE PROJECT SPECIFICS, TARGETED POPULATION, COSTS, ETC.)

This is a unique opportunity for 6th grade students to experience hands-on learning about the natural environment and its relationship to them and their future. It also helps them to develop self-confidence and independence. Fairview Lake has become a "rite of passage" for Chesterfield Elementary students. We would like to request \$25.00 for each student in sixth grade, which is a total \$2,825 for the grade level.

EVALUATION (HOW WILL YOU MEASURE STUDENT GROWTH)

Student Journal Evaluation, Power Point Presentation, Extra Credit Assignment, Observations During Program, Parent Feedback

Facilities Report November 2019

- Scoreboard in the School Gym has been repaired and is up and running.
- LED Lighting project is about 80% completed and the report will be issued prior to the due date of December 2019. The district can file for an extension if needed.
- A Maintenance Contract will be proposed for the System Controls for our Tiger Flow equipment in the geothermal room on the first floor of the building. Parts were ordered, still waiting on the parts to come in.
- The coil on the HVAC unit above the gym needs to be repaired. Received a quote from CM3 for \$12,288 to replace the coil. Still trying to get another vendor to come out and give us a second quote for the repair.
