## **Emergency Drill Log for 2021-2022 School Year**

[illegible]

## Facilities Report December 2021

1. **HVAC** – Three heat pumps in the building were repaired.
2. **Firehouse**- The water lines in the firehouse were winterized to prevent the pipes from freezing.
3. **QSAC Building inspection**- The county B.A. did a thorough walkthrough of the building. He found a few minor issues, such as some stained ceil tile, one storage closet that needs to be straightened up, and some teacher's personal furniture in the classrooms that should not be in the room. Other than that, he found no significant health and safety issues with the building.
