Comments:

- FVL
 - Fairview Lake went very well this year. We only had to send 2 students home with temperatures above 100.
 - Office covered with substitutes: no issues encountered, utilized Sub. Book in health office.
 - Illness subsided during the first of the month but picked up again in certain classrooms towards the end of the month.

School Nurse: Stacey Farreny, BSN,RN,CSN	Stacey L. Farreny

I have a student is constantly turning the lights off all day long. He's been doing it all school year. I was wondering if you had extra plastic covers that are used on those red all call emergency buttons that could be installed over the light switched. We still need to access them but need a way to make it not accessible to the student. We've tried all sorts of blocking methods already but he figures it all out. If we put clear scotch tape on the cover to prevent him from lifting it up, he may not see the tape. That's what we had to do with the all call button and it's been working. Or if you have some other idea? Thanks

put cover over light switches
