

How well do you know your child quiz!

There is a quiz on every student's desk. On the side that is face up, you will guess what your child's favorite item is. When you are finished, you can check the other side to see how close you were.

Message from our Administration

About Mrs. Hartman

- I live in Lumberton with my husband, 4 sons, and two dogs. My oldest son just graduated college in May and now works at the Washington Nationals. My next two are in college - Tim is at University of Delaware and Robbie is at Elizabethtown. My youngest is a junior at Rancocas Valley High School. We are going to be on our final college hunt soon!
- I have a BA from Rider University in Elementary Education and Mathematics - 1997.
- I've been teaching at Chesterfield since 1998.

Sharing: Students share some news of interest with the class and respond to each other, articulating their thoughts, feelings and ideas in a positive manner.

Group Activity: The whole class does a short activity together, building class cohesion through active participation.

Morning Message: Students develop language skills and learn about the events of the day by reading and discussing a daily message posted for them.

Closing Circle

Hopes and Dreams

Energizers throughout the day

ELA – Reading & Writing

Key Instructional Practices

- Each unit will utilize a Shared Read of complex grade level text to teach vocabulary and build background knowledge for all students.
- Accountable independent reading time will focus on student interest and appropriate book choice rather than a focus on independent reading levels.
- Performance task will assess the application of learned knowledge and skills.
- A more integrated approach to reading and writing.
- Structured grammar instruction within the literacy block.
- Extended writing opportunities along with varied writing opportunities within the literacy block and throughout the day.

ELA Block – Reading & Writing

ELA Curriculum

- The curriculum is available on the website under the Curriculum and Instruction Department. It has recently been revised to focus on the Science of Reading. The science of reading focuses on phonemic awareness, phonics, fluency, vocabulary, and comprehension.

Materials

Core Materials

- Amplify CKLA (Core Knowledge Language Arts) and supplemental materials from the Units of Study in Reading and Writing.

Math

- We use Illustrative Math (IM) to guide us with our curriculum
- Our focus is problem based learning
- Designed to make rigorous math accessible to all students
- Promotes flexible thinking - focuses on process

What does problem-based instruction look like?

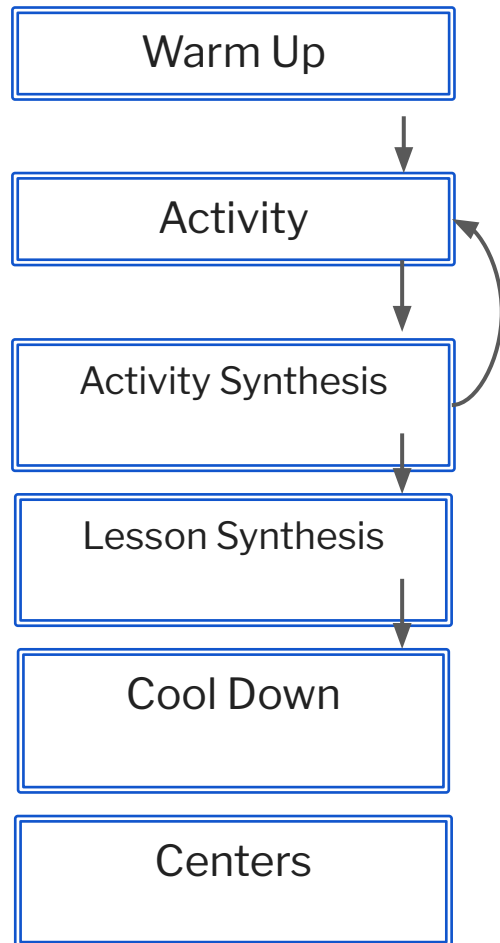

- The students spend a majority of their solving carefully created and sequenced problems.
- The teacher monitors discussions and pushes student thinking by asking questions and orchestrating discussions to move the learning forward.
- Students frequently discuss math with each other, listen to others ideas, justify their thinking and critique the reasoning of others.

Math Units

1. Factors and Multiples
2. Fraction Equivalence and Comparison
3. Extending Operations to Fractions
4. From Hundredths to Hundred-Thousands
5. Multiplicative Comparison and Measurement
6. Multiplying and Dividing Multi-Digit Numbers
7. Angles and Angle Measurements
8. Properties of Two-Dimensional Shapes
9. Putting It All Together

What does a typical lesson look like?

- **Warm-up** - activity opens up conversation and thinking about the lesson ahead.
- **Activities & Activity Synthesis** - There are typically one or more activities during which the students work to explore the concept and then the teacher will help them consolidate their understanding.
- **Lesson Synthesis** - After all of the activities are completed the teacher will help students synthesize all of their learning for that day.
- **Cool Down** - This is a brief independent activity to let the teacher know where the students are in their learning.
- **Centers** - Are a meaningful way to build fluency and work with math concepts.

Science/Social Studies

- **Science Units** (*Carolina Scientific*)

- Energy Works
- Changing Earth
- Plant and Animal Structures

- **Social Studies Units** (*Social Studies Alive! Regions of Our Country/teachtc.com*)

- Discovering the Social Sciences
- Exploring Regions of the US
- Study of your state

Standards Based Report Cards

- Standards based grading in Reading, Writing, and Math where the grade is not an average of performance
- Proficiency on specific objectives will be identified
- Effort and behavior will be assessed separately (Habits of Mind)
- Rubrics are used to identify levels of proficiency for each standard
- Science and Social Studies are average grades
- Trimesters

Conferences, Progress Reports & Report Cards
