

Monthly Literacy Enrichment Activity

1. Have your child create a menu for your family for one week. Organize your menu by day and by meal. You can use the chart on the next page or create your own.
2. After creating the weekly menu, have your child make a grocery list of things you will need to purchase for this week's meals.
3. Provide your child with a weekly ad from the local grocery store and have them circle items from the list that are on sale this week.
4. Go to the grocery store and work together to find the items on the list. Take a pencil so that your child can mark things off as you place them in the cart.

Monthly Literacy Enrichment Activity

Kindergarten

1. Provide your child with a weekly ad from the local grocery store and have them circle items they would like for you to purchase.
2. Have your child create a list of the items they have circled from the weekly grocery store ad.
3. Go to the grocery store and work together to find the items on the list. Take a pencil so that your child can mark things off as you place them in the cart.
